**DECLARATION OF ROBERT GRAY, JR.**

In accordance with the provisions of 28 U.S.C. § 1746, I, the undersigned Robert Gray, Jr., do hereby make the following declaration pertinent to the above-styled cause of action:

1. I, Robert Gray, Jr., am presently a Federal Bureau of Prisons (“BOP”) Case Manager at the Federal Correctional Institution in Cumberland, Maryland (“FCI Cumberland”). I have held this position since May 10, 2020, and began my employment with the BOP on September 19, 2006.
2. As a case manager at FCI Cumberland, I am responsible for the custody and control of designated inmates including individual counseling, group counseling, and managing reports and correspondence. Additionally, I perform the Risks and Needs Assessments for my case load of inmates, including Sreedhar Potarazu.
3. I am aware that Petitioner Sreedhar Potarazu, Federal Register Number 90424-083, requests the BOP to immediately apply his First Step Act (FSA) Time Credits (Time Credits) so that he can be released to a halfway house.
4. Petitioner is currently serving a 119-month term of imprisonment for Inducing Interstate Travel to Commit Fraud, in violation of 18 U.S.C. § 2314 and Willful Failure to Account

For and Pay Employment Taxes, in violation of 26 U.S.C. § 7202. Assuming he receives all good conduct time currently projected and FSA Time Credits, Petitioner has a release date of April 7, 2024. *See* Attachment A.

**Petitioner's First Step Act (FSA) History**

5. When an inmate's Unit Team reviews an inmate for eligibility based on their current offenses, they will note on the inmate's profile, or PP44, accordingly. On December 11, 2019, Petitioner was reviewed for Time Credit eligibility based on his current offenses and he was found eligible to receive Time Credits. Accordingly, his inmate profile shows FTC-ELIGIBLE-REVIEWED. This code indicates that Petitioner is able to earn Time Credits. *See* Attachment B.
6. On October 5, 2022, Petitioner attended his routine 180-day program review where he was evaluated as a Minimum risk level according to the Prisoner Assessment Tool Targeting Estimated Risk and Needs (PATTERN). *See* Attachment C.
7. On August 30, 2022, a memo was released to all inmates informing them that they will receive an auto-calculation application worksheet of any Time Credits that they have received once the program is launched. This memo did not state that any credit inmate's may have earned will be applied to their sentence immediately. The worksheet is intended to show inmates how many credits they have "banked" so far, or a running total of the credits so that when they are closer to their release date, the credits can be applied accordingly. *See* Attachment D.
8. On October 2, 2022, the BOP began auto-calculating inmate's Time Credits.
9. On October 5, 2022, Petitioner's Time Credits were automatically calculated. *See* Attachment E.
10. On October 27, 2022, Petitioner's halfway house referral was submitted. This referral

*recommended* a halfway house date of November 15, 2022 which included 386 days of Time Credits applied towards prerelease custody and 120 days of halfway house placement pursuant to the Second Chance Act. *See* Attachment F.

**The First Step Act Interim Procedures**

11. On January 12, 2022, the BOP established interim procedures to ensure timely implementation of the FSA final rule. Interim procedures *were established to prioritize inmates eligible for immediate benefit in terms of release or pre-release community placement*. The interim procedures remained in effect until August 31, 2022, at which time the BOP launched its auto-calculation application. This application fully automated the calculation of FSA Time Credits so that manual calculation of credit was no longer required. *Id.* The system was expected to go live on September 6, 2022. However, there were some unexpected glitches. The auto-calculation process was implemented on September 30, 2022.

**The First Step Act Auto-Calculation Procedures**

12. On August 31, 2022, the interim procedures ceased, and the permanent Automated Time Credit calculation and application process began. With the launching of the auto-calculation application, eligible inmates will continue to earn Time Credits towards supervised release or prerelease custody. However, they may only receive up to 365 days towards supervised release, or are 18 months from their release date, whichever happens first. This is an important distinction. This 18-month cut off is necessitated by the need for a predictable release date. As an inmate's projected release approaches, his release date cannot be a moving target because BOP requires time to effectively engage the inmate in prerelease preparation planning, which includes transfer to a community-based residential program to facilitate transition back into the community.

**Final Policy**

13. On November 18, 2022, the BOP published BOP Program Statement 5410.01, First Step Act of 2018 – Time Credits: Procedures for Implementation of 18 U.S.C. § 3632(d).
14. Upon information and belief, the BOP is implementing the policy changes that were made, including the removal of the 18-month requirement set forth in the auto-calculation procedures.
15. Upon information and belief, every inmate must have their auto-calculation recalculated to ensure that the appropriate amount of Time Credits have been applied. This is *expected, not guaranteed*, to occur over the next month.
16. Upon information and belief, as of the date of this signing, the BOP has not completed its auto-calculation for Petitioner. Once Petitioner is recalculated, if Petitioner is entitled to additional Time Credits, any available Time Credits may be accordingly applied, if able and in accordance with BOP Program Statement 5410.01.

**Petitioner's FSA Time Credit Assessment<sup>1</sup>**

17. At the top left of the worksheet, Petitioner's basic information is listed, including his start date of incarceration: July 19, 2017.
18. The assessment calculated any credit that Petitioner has "banked" so far since December 21, 2018. As of October 5, 2022, Petitioner has accrued 1312 calendar days of possible programming. 386 credit days have been applied towards prerelease custody and 259 credit days have been applied towards his release date. Days of programming shows the total number of calendar days Petitioner could have programmed between December 21, 2018 and October 5, 2022. The days applied to prerelease custody and the days applied

---

<sup>1</sup> This section references Attachment E.

to his release date are credit days, not calendar days and are calculated accordingly.

Additionally, this section shows that Petitioner is able to have his Time Credits applied because he is a Minimum risk inmate.

19. In the first row of the worksheet, it states the total number of program days, or calendar days he accrued between December 21, 2018 to May 25, 2019 was 155 days. His time credit factor was 15 meaning he received 15 days of FSA credit for every 30 days of successful participation, in accordance with 28 CFR § 523.42(c). To arrive at 75 Time Credit days, one must calculate as follows:

$155(\text{total number of accrued calendar days}) / 30 (\text{days in the month}) = 5 (\text{number of calendar months})$

$5 (\text{number of months}) * 15 (\text{days of credit for 30 days of successful participation}) = 75 (\text{total number of FSA credits})$

20. In the second row, it reflects the time Petitioner spent in disallow status, i.e. the time he spent in transfer status or in the Special Housing Unit (SHU). Between May 25, 2019 and June 4, 2019, he lost ten days of possible program days accrued.

21. In the third row, between June 4, 2019 and August 19, 2019, Petitioner accrued 76 program days. His time credit factor was 15 days. Additionally, he had five (5) carry-over days. Carry-over status occurs when the inmate has not completed a full calendar participation because they may have been in disallowance status. Because Petitioner was entered the SHU on August 19, 2019, he stopped earning any FSA credit; however, he is still entitled to those 5 days he successfully participated. To arrive at 30, one must calculate as follows:

$76 (\text{total number of accrued calendar days}) + 5 (\text{carry-over days}) = 81 (\text{total number of program days})$

$81 \text{ (total number of program days)} / 30 \text{ (days in the month)} = 2 \text{ (number of calendar months)}$

$2 \text{ (number of months)} * 15 \text{ (days of credit for 30 days of successful participation)} = 30$   
(total number of FSA credits)

22. In the fourth row, it reflects the time Petitioner spent in disallow status, i.e. the time he spent in transfer status or in the SHU. Between August 19, 2019 and August 23, 2019, he lost four days of possible program days accrued.
23. In the fifth row on the first and second page, between August 23, 2019 and July 24, 2021, Petitioner accrued 701 program days. He also had 21 carry over program days. His time credit factor was 15 days. To arrive at 360, one must calculate as follows:
- $701 \text{ (total number of accrued calendar days)} + 21 \text{ (carry-over days)} = 723 \text{ (total number of program days)}$
- $723 \text{ (total number of program days)} / 30 \text{ (days in the month)} = 24 \text{ (number of calendar months)}$
- $24 \text{ (number of months)} * 15 \text{ (days of credit for 30 days of successful participation)} = 360$   
(total number of FSA credits).
24. In the sixth row on the second page, Petitioner was disallowed fifty-four (54) days because he was not in compliance with his needs assessment between July 24, 2021 and September 16, 2021.
25. In the seventh row, between September 16, 2021 and October 4, 2021, Petitioner accrued 18 days of programming. He had a time credit factor of 15. However, because Petitioner did not successfully participate for a full 30-day period, he did not receive credit for this time. Therefore, the 18 days plus the residual 2 days were added to his carry-over program days later on.

26. In the eighth row, between October 4, 2021, and October 8, 2021, Petitioner was disallowed four (4) days of programming because he was in the SHU.
27. In the final row, between October 8, 2021 and October 5, 2022, Petitioner accrued 362 days of programming days. He had a time credit factor of 15.
- $362 \text{ (total number of accrued calendar days)} / 30 \text{ (days in the month)} = 12 \text{ (number of calendar months)}$
- $12 \text{ (number of months)} * 15 \text{ (days of credit for 30 days of successful participation)} = 180$   
(total number of FSA credits) He has 20 days of carry-over days.
28. Therefore:
- $75 \text{ (credits received from December 21, 2018 to May 25, 2019)} + 30 \text{ (credits received from June 4, 2019 to August 19, 2019)} + 360 \text{ (credits received from August 23, 2019 to July 24, 2021)} + 180 \text{ (credits received from October 8, 2021 to October 5, 2022)} = 645$   
FSA credit days
- $645 \text{ (total FSA credit days)} - 259 \text{ (maximum number of days he can receive towards release since he is under 18 months from his release date)} = 386$  remaining FSA credit days
- The remaining 386 FSA credit days may be applied towards prerelease custody pursuant to 28 CFR § 523.44(d).

I declare under the penalty of perjury, the foregoing is true and correct, to the best of my knowledge, and that all attached documents are true and correct copies of the documents maintained by the BOP in the ordinary course of business.

Executed on this 12 day of December 2022.

A handwritten signature in black ink, consisting of a stylized, cursive script. The signature is written over a horizontal line that extends to the right.

MEMORANDUM FOR REGIONAL CORRECTIONAL PROGRAMS ADMINISTRATORS

FROM:   
Rick Stover, Administrator  
Correctional Programs Branch

SUBJECT: Federal Time Credits Auto-Calculation  
Application Launch

This memorandum is to provide guidance regarding the launch of the Federal Time Credits (FTCs) auto-calculation application. The new application will be launched on August 31, 2022. Full automation will take effect on September 6, 2022, at which time changes will be reflected to inmates' projected release dates and methods. All inmates will be reviewed, and FTCs will be applied to inmate records consistent with the final rules language and implementing text. As a reminder, the following items have been incorporated into the calculation of FTCs:

- The earning of FTCs is based on the inmate being in "earning status," not the participation and/or completion of individual programs. Inmates who refuse to participate in any portion of the needs assessment process and/or refuse/decline any program recommended to address a specific identified need area, will be considered "opted out" and in "non-earning" status.
- While inmates can begin earning time credits starting with the enactment of the statute, the "presumed participation" period only extends from December 21, 2018, through January 14, 2020.
- For inmates earning credit during the "presumed participation" period and through April 28, 2021, the PATTERN risk level established on this date (April 28<sup>th</sup>, the start date for the PATTERN auto-calculation), will be used to determine the initial risk level and FTC earning rate.
- For inmates earning credit under the "presumed participation" period, only days where the inmate was

incarcerated outside the facility, housed in the Special Housing Unit, or refusing/declining pre-existing FSA programming (e.g., FRP, Drug Education, GED, etc.) will be excluded from successful participation.

- Beginning January 15, 2020, inmates who are eligible to earn FTCs must have a PATTERN level calculated and must have completed all components of the SPARC-13 prior to beginning to earn FTCs.
- Inmates will have either an initial PATTERN level of minimum or low risk or have dropped to a minimum or low risk level and maintained the new level for two consecutive assessment periods prior to being eligible for the higher earning rate of 15 days or being able to apply the FTCs earned.
- Eligible inmates will have FTCs applied first toward their release dates and then toward RRC/HC placement.
- To earn credit toward early release, an inmate must be otherwise eligible to participate in RRC/HC placement. While they continue to earn credit, inmates can only apply the credit if they have no detainers, unresolved pending charges, and/or unresolved immigration status issues.
- Eligible inmates will continue to earn FTCs toward early release until they have accumulated 365 days or are 18 months from their release date, whichever happens first. At this point, their release date becomes fixed, and all additional credit is applied toward RRC/HC placement.
- Initially, FTCs will be updated monthly, and an FSA Time Credits Assessment worksheet will be deposited into the eICF directly. Within 30-60 days of the initial launch, Unit team will be able to conduct an additional time credit assessment during the inmate's regularly scheduled Program Review.
- Inmates with 3621e Complete and 3621e Conditional release methods will automatically convert FSA RDAP Release and FSA RDAP Conditional release methods. Locally, staff will need to review cases individual and complete updated BP-A0628 where appropriate.

Please remind institution staff DSCC does not have a role in the crediting of FTCs, and questions from the field should be directed to their Case Management Coordinators and then to the Regional Offices. If you have any questions, please contact Rick Stover, Correctional Programs Branch Administrator.

Cc: Case Management Coordinators  
Linda Geter, Senior Deputy Assistant Director, CPD, DSCC

## FEDERAL BUREAU OF PRISONS

<b>TO:</b> (Community Corrections Manager)  BALTIMORE, RRM		<b>FROM:</b> Chief Executive Officer (Name, Title & Date) - Signature certifies approval and CIMS Clearance Carter, Crystal, Warden, 10/27/2022	
Inmate Name POTARAZU, SREEDHAR		Register Number 90424-083	Date 10/11/2022
Unit Manager/Mail ID  UNIT 6 - SCP(6)		Institution (Address and Phone Number) CUMBERLAND FCI 14601 BURBRIDGE RD SE CUMBERLAND, MD 21502 (301)784-1000	
1. Release City Rockville, MD		Supervision District Maryland	
2. Anticipated Release Date 04/07/2024	Method FSRDAP CND	Verified by (ISM Staff) Anthony Wiggins	
3. Recommended (only one): a. Range _____, or b. Date <u>11/15/2022</u>	4. If a presumptive parole case, enter the date the pre-release record review progress report was submitted to the Parole Commission: _____		
5. Statutory Interim Hearing Scheduled? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Waived	6. Supervised Release <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No 3 years	Special Parole Term <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
7. Aftercare Supervision <input checked="" type="checkbox"/> Drug <input checked="" type="checkbox"/> Alcohol <input type="checkbox"/> Mental Health <input checked="" type="checkbox"/> Other See J&C <span style="float: right;"><input type="checkbox"/> N/A</span>			
8. CIM Case: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Assignment: Separation		
As CMC, I have reviewed the Request for Activity Clearance (404) and the SENTRY CIM Clearance and Separatee Data and I recommend the inmate be considered for CCC placement and clearance be granted by the Warden.  <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Signature of CMC <u>Joseph, Mark R.</u> Upon signature of the Warden, I will update SENTRY to reflect CCC referral for range/date as listed in item 3 above.		NOTE: The CMC will update SENTRY to reflect specific dates and CCC location code upon notification of acceptance from the CCM.	
9. If proposed District of Supervision differs from Sentencing District, has USPO approved? <input type="checkbox"/> Yes <input type="checkbox"/> No	10. Does inmate have a committed fine? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, indicate how fine will be paid in item 12.		

11. Additional Information, including status of any detainers or pending charge(s) and whether there is a substance abuse history.

There are no detainers or pending charges on file for inmate Potarazu. The Presentence Investigation Report indicates a significant substance abuse history. As of the submission of this referral, the inmate has earned 259 Federal Time Credits towards his release and 386 towards an RRC/HC Placement.

## 12. Specific release preparation/Pre-natal care needs.

Inmate Potarazu is eligible for early release consideration under 18 USC 3621 (e). He graduated from the 500 Hour Residential Drug Abuse Program on November 15, 2021. Inmate Potarazu has a balance of \$57,892,127.77 remaining towards his court imposed financial obligation. It is anticipated he will pay toward his court imposed financial obligation while at the RRC and on Supervision. Inmate Potarazu was reviewed under 18 USC 3621b: 1. There are available Residential Re-Entry Centers in his release area. 2. The nature and circumstances of the offense are eligible for Residential Re-Entry as there are no extenuating circumstances that would preclude placement. 3. The history and characteristics of the inmate are: he does have his GED; he does have an established residence and community ties. Therefore, we are requesting inmate Potarazu receive 120 days of RRC placement per Second Chance Act and 386 FTC credits he has earned be applied towards his RRC/HC placement. This is an adequate amount of time for inmate Potarazu to take advantage of the transitional programs and services. 4. There are no statements on the J&C from the sentencing court in the Eastern District of Virginia regarding RRC placement. 5. There is no pertinent policy by the Sentencing Commission.

13. For MINT Referrals,
